Heart of the Matter

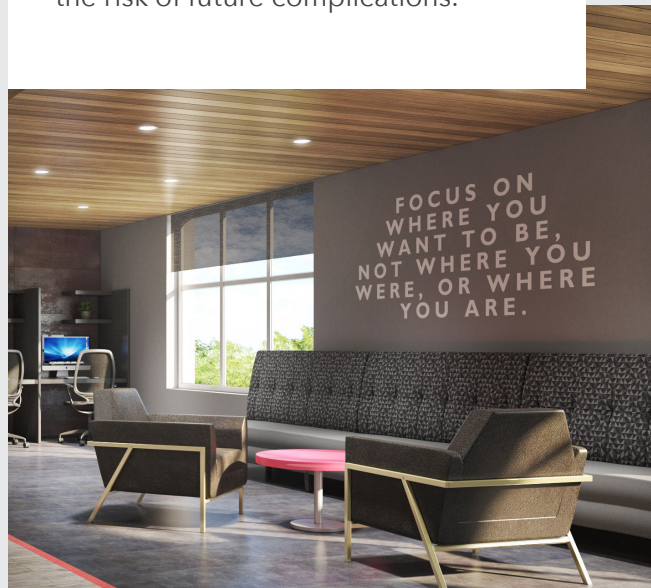

A cardiac event can inhibit your ability to function and perform daily activities. You need a bridge back to your life. The Centers Cardiac Care team leads you step-by-step through that recovery process, with specialists in the most-advanced medical technology, pain management, diet and nutrition, physical therapy and emotional support, all working together to provide you with holistic healing.

Why Choose Us

Cardiac Care at Beth Abraham Center is the first post-acute cardiac program in New York—and one of only 10 nationally—certified by the American Heart Association. Overseen by board-certified physicians, we are staffed with certified cardiac care nurses and a top-rated team of therapists.

How We Can Help You

With our in-room livestream video monitoring 24/7, our expert team can keep track of a patient's progress, allowing the team to make adjustments and create a real-time, heart-healthy program to get patients stronger. Comprehensive individualized plans speed recovery and reduce the risk of future complications.
